

<p>Name of Extension/Public Service (The name of the service being offered)</p>	<p>Short Course on Quality Risk Management, Risk Management Planning, Quality Metrics, and Validation of Pharmaceutical Processes</p>
<p>Objective (Description of the service being provided; History of service provision)</p>	<p>In response to the dynamic regulations imposed to drugs, cosmetics, and medical devices, the Department of Industrial Pharmacy added training sessions on Quality Risk Management, Risk Management Planning, and Quality Metrics. A series of lectures and workshops, this short course aims to help participants develop plans to monitor pharmaceutical systems and processes by identifying potential risks, their potential impact to products, and propose corrective and preventive actions if the need arises. These efforts will drive continuous improvements in the pharmaceutical industry, hospital and community pharmacies.</p>
<p>Duration/Date</p>	<p>Every month starting April 2017, every third or last week of the month during office hours (9 a.m. to 5 p.m.)</p>
<p>Target Beneficiaries</p>	<p>Quality assurance, manufacturing, and validation personnel in drug and cosmetic companies, medical device distributors, and hospital and community pharmacists</p>
<p>Cost of Participation</p>	<p>PhP 1,000 per participant</p>
<p>Office in Charge</p>	<p>Department of Industrial Pharmacy through Bryan Paul I. Bulatao, Department Chair</p>
<p>Office Profile Degree granting or non-degree granting Purpose of creation Location in the hierarchy (Background of the office providing the service i.e. Number of personnel and Key personnel providing the service)</p>	<p>One of the three departments of the University of the Philippines College of Pharmacy, the Department of Industrial Pharmacy expands its mission to bolster the Pharmaceutical industry by providing extension services to professionals. We provide short courses on Pharmaceutical Manufacturing, Quality Control, and Validation.</p> <p>The Department is responsible for teaching courses on Pharmaceutics to BS Industrial Pharmacy, BS Pharmacy, and MS Pharmacy (Industrial Pharmacy). The Department also spearheads the Supervised Manufacturing Internship that gives students practical exposure to actual work in the pharmaceutical industry.</p> <p>The Department is home to academic professionals with diverse and relevant research interests. It has faculty with expertise in process validation, product lifecycle management, quality risk management, cleaning validation, quality assurance, sterile and non-sterile manufacturing, supply chain management, and compliance/GMP audit. Among its most notable faculty members are Carlo L. Perete, Ma. Rosario B. Barangan, Julius Galo E. Leopardo, Gilbert A. Vargas, and</p>

	Antonio B. Regadio Jr.
