

Name of Extension/Public Service (The name of the service being offered)	GeoGebra Institute of Metro Manila (GIMM) Website
Objective (Description of the service being provided; History of service provision)	GIMM aims to facilitate cooperation among teachers and researchers to work together to promote the learning and teaching of mathematics. This is done by supporting and carrying out activities such as conducting training on GeoGebra, developing GeoGebra teaching materials, offering workshops for future GeoGebra trainers, implementing new features of GeoGebra, developing an online-support system for teachers, designing and implementing research projects, and presenting at national and international conferences.
Duration/Date	Available online
Target Beneficiaries	Mathematics teachers
Cost of Participation	Free-of-charge
Office in Charge	National Institute for Science and Mathematics Education Development (NISMED) through Guillermo Bautista Jr.
Office Profile Degree granting or non-degree granting Purpose of creation Location in the hierarchy (Background of the office providing the service i.e. Number of personnel and Key personnel providing the service)	<p>The National Institute for Science and Mathematics Education Development is a research unit and an extension arm of the University of the Philippines. It aims to raise the level of teaching and learning of science and mathematics in the Philippine educational system. It also aims to be a major source of quality information and services for stakeholders in science and mathematics education. For five decades, UP NISMED has engaged in research, curriculum development, professional development in science and mathematics education, and extension work.</p> <p>With the establishment of the Science Teacher Training Center, a Japanese Grant-Aid in 1989, the Institute has acquired, for its programs, state-of-the-art facilities designed for research, curriculum development, and professional development. These include the following: a library, with a collection of over 18,000 volumes of print and non-print materials; eight fully-equipped teaching laboratories; microteaching room; astronomical observatory; video studio and control room; a workshop for prototype development; printing and photographic equipment; and a 48-room hostel. These provide support</p>

	<p>for the Institute’s operations.</p> <p>Through its programs and projects, UP NISMED strives for relevance, responsiveness, innovation, and interdisciplinary and multimedia approaches. It also aims adapt up-to-date global practices by offering programs in research, curriculum development, professional development, as well as by networking with similar institutions in other countries in line with emerging global trends.</p> <p>The Institute has 31 academic (REPS) staff and 39 administrative staff.</p>
<p>Awards/recognition received by the office (The awards given by or received by the office offering the service, if any)</p>
