

Name of Extension/Public Service (The name of the service being offered)	Research Methods (Training)
Objective (Description of the service being provided; History of service provision)	<p>This three-day course will focus on the different steps in planning for and conducting health research. The teaching-learning strategies include lectures, workshops, and group discussions. The participants will apply the concepts learned in the course in the development of their individual research proposals. During plenary sessions, participants will present their capsule proposals, which will be critiqued by fellow participants and a facilitator for fine-tuning.</p> <p>The Department of Epidemiology and Biostatistics has offered this course since 2015.</p>
Duration/Date	Three days, scheduled on April 25-27 and October 24-26
Target Beneficiaries	Primarily researchers, physicians, clinicians, public health professionals, students and lecturers in biostatistics, epidemiology and biomedical sciences, and those who wish to expand their knowledge on the research process
Cost of Participation	Regular rate: PhP 6,500 Discounted rate: PhP 6,000 (for early bird registration and UP regular employees and students)
Office in Charge	UP Manila College of Public Health Department of Epidemiology and Biostatistics
