1	UP Diliman		OVCPD reports on the status of stranded workers rumored to be starving on campus. OVCPD also calls for donations for the workers.		Office of the Vice Chancellor for Planning and Development	<div><p>There have been reports circulating on social media about a group of stranded and starving construction workers inside the UPD campus, alleging that they have resorted to eating stray animals and fruit from the trees on campus.</p><p>The Office of the Vice-Chancellor for Planning and Development (OVCPD) spoke directly with the workers involved and discovered that they were not starving, but instead were each provided with P4,000 on March 17 and again with P2,000 on April 14 by their employers. The OVCPD also inspected their supply room, which contained 3 sacks of rice (25 kilograms each) and canned goods from the All UP Workers Union and other organizations inside the campus.</p><p>According to one of the workers, they were shocked when the news went viral, because those photos were taken by a group of people who went to their site to distribute relief goods, but neither interviewed them nor asked about their situation. For the full report, please contact the OVCPD at ovcpd@upd.edu.ph</p><p>Rest assured that the UPD COVID-19 Task Force is doing everything it can to meet the needs of all sectors under UP Diliman.</p><p>In this time of uncertainty caused by the pandemic, there should be no room for paranoia and fake news. Media agencies should practice responsible journalism and citizens should verify news before sharing on social media.</p><p>If you would like to help through cash donation, please course them through:</p><p>GCash and Paymaya: 09167654695 Paypal: paypal.me/sercresantos BPI: 9239 4326 43/Marco Giorgione A.
