RECOMMENDATIONS

- UPOU will be launching their **Public Service initiatives page** where they will publicize their PS activities. While this means an easier way to monitor all their activities, we still suggest using hashtags such as **#PadayonPSReport** and **#UPOUPublicService** for tagging and sourcing.
- Volunteer Programs and Community Engagements had the lowest amount of PS initiatives during the period. It may be good to **focus on these types of activities** to have an equal spread of PS initiatives. However, if this is a case of underreporting, **highlighting these initiatives in the upcoming UPOU Public Service initiatives page is suggested.**
- UP Open University social media pages may also **start tagging their posts with the relevant sustainable development goals** tackled by the PS initiative. They may opt to use hashtags #SDG1, #SDG2, and so on.
